

To whom it may concern:

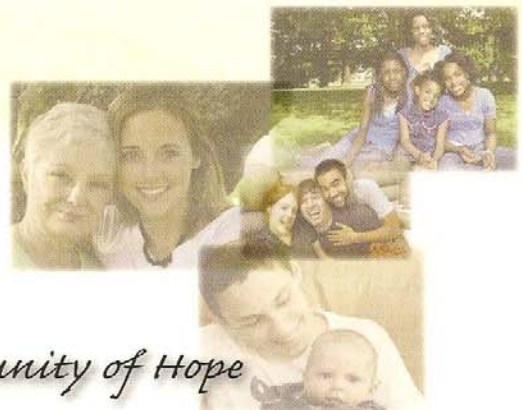

During the period of several months, Ron Shawver of Trinity Media Group worked with our sound team as a consultant. He was asked to survey our situation, prepare solutions and provide service and training. We had been experiencing many sound issues from years of mixed information. Ron proved to be the right person to meet all of our needs.

Ron has an excellent ear for trouble shooting frequency issues. His knowledge extended to all of the equipment we owned. He was able to provide solutions that were inexpensive yet professional. He was not a fly-in and out person either. Ron spent many hours listening to our concerns and explaining his procedures for fixing the problems. His training session with our sound technicians was well prepared with specific and adequate information. He was well qualified for answering any questions thrown at him and the response from our sound team was overwhelmingly positive.

I would whole-heartedly recommend Ron Shawver and Trinity Media Group for any sound project, large or small. Trinity Media Group provides expertise, experience and education for a price well below that of the competition.

Sincerely,

Steve Poole
Minister of Music and Worship
