and Pastoral Care*

Steve Poole
Minister of Music

DR. DAVID A. HALL
Senior Minister

Brian Watts
Minister to Young Adults

Ralph Batykefer, Jr
Minster to Students

Trey Wooten
Minister of Children

As administrative chairperson for the sound ministry at Oak Grove Baptist Church, I had a need to seek out a consultant to evaluate our sound system and advise our staff of any changes and/or upgrades deemed necessary. Ron Shawver of Trinity Media Group was highly recommended by other professionals in the field of audio engineering.

Ron's natural abilities and vast experience in audio systems allowed him to quickly and precisely evaluate our sound system. He then made the necessary changes in the setup and equalization while utilizing most of the current equipment in place, thereby keeping the overall cost of improving the quality of sound at a minimum.

Upon completion, Ron then prepared and presented a very informative 90-minute training course for our sound operators. He was able to teach the basics of operating a mixer and reproducing sound in such a manner that even the most novice operator was able to understand, yet holding the attention of those more experienced in our group.

I would recommend Trinity Media Group to anyone seeking professional advice for purchasing a new system or upgrading a current system.

Beverly A. Wood
Chief Sound Engineer
Oak Grove Baptist Church
